# **English certified courses and workshops for professors**

---

# CERTIFIED COURSES

These certified courses belong to CEAP Internationalization and Interculturality line of study. They will help you out to get the diploma called *“Teaching and Learning in English”* after 80 hours of study.

## 2021 DIGITAL TOOLS FOR ENGLISH TAUGHT COURSES

While there are many web tools in the web, there are certainly some specific ones that stand out. They encourage the autonomy to the students, improving the administration of academic processes, encouraging collaboration, and facilitating communication between teachers and learners. Get to know some of them.

**3 hours**

## INTEGRATING ENGLISH IN YOUR LESSONS

Do you want to include English in your lessons? This course takes the point of view of the professor. You will pinpoint exactly where you can start integrating English, and how you can assist students in adapting to it. Analyse strengths and possible challenges when using English as a teaching tool.

**10 hours**

## FORMATIVE ASSESSMENT IN THE CLASSROOM

Using formative assessment in the classroom provide both professors and learners with invaluable information about what they understand, and what they don't? When formatives are implemented consistently, and effectively, neither professors nor learners are surprised by their final grades.

**4 hours**

## THE FLIPPED CLASSROOM

The "flipped classroom" is currently a buzzword, but it has been around for decades. In this workshop professors learn techniques for getting students to control the learning process, and gives examples where it is not appropriate.

**4 hours**

## CAMBRIDGE EMI SKILLS COURSE

English as a Medium of Instruction (EMI) is ubiquitous in universities around the world. Cambridge University, through English Area offers the most internationally recognised certificate in teaching in English at university. Upon completion, you'll receive a certificate from Cambridge Assessment validating your ability to teach in English in an English-speaking university.

**60 hours**

## TEACHING BILINGUAL SUBJECTS CONTENT AND LANGUAGE INTEGRATED LEARNING - CLIL

Teaching a bilingual subject can be a challenge. Transforming your lessons using the CLIL approach will help you out to deal with common issues in this field. It can increase your students' motivation to learn what you're teaching them. Besides, as it is so strongly associated with both a content area and a foreign language, it's naturally imbued with cultural and societal significance.

**12 hours**

## AUTHENTIC MATERIAL DESIGN

What are authentic materials? How can we create them? Why are they important in our lessons? Those questions will be answered while you create your own ones. The use of authentic materials in your classroom is strongly suggested as they have a positive impact on the students' subject-knowledge and motivation.

**3 hours**
